

Who would you be helping?

As a VPS for CASA

you would help CASA speak up for children who have been removed from their homes due to abuse or neglect. Many of these children have no connection to their extended family or heritage, often know nothing about where they come from, and have nowhere to truly call home.

You can make a difference!

IMPACT OF VOLUNTEER PERMANENCY SPECIALIST

Volunteer Permanency Specialists (VPS) provide enhanced advocacy services for children living in foster care who have little hope for a permanent family. VPS may complete diligent searches, case mining, and family engagement. Using resources such as ancestry.com, social networking websites, and corresponding with family members, VPS reconnect children with their lost family heritage.

Permanency Specialist***

Why Become a Volunteer Permanency Specialist?

A child with a CASA Volunteer Permanency Specialist is...

- More likely to be adopted and do better in school
- Half as likely to return to foster care
- Substantially less likely to spend time in long-term foster care
- More likely to have a positive attitude towards the future.
